Project Status Summary Report

[FSE100 l Master Project]

Team 810
Trey Thomas, Margaret Wade,

1)Executive Summary

Project Manager	Status Date	Phase
Maria Elena Chavez-Echeagaray	11/1/21	Week 8

Project Status Schedule	G	*We have fully tested our sensors, now we have to make the code of the sensors interacting with eachother. We have almost completed it, but we are encountering an error in our code that causes our code to fully stop functioning as intended. we are working persistently to fix it.*
Green = Launch On Schedule	*Yellow =Tasks Behind Schedule*	*Red = Critical Path Impact*
Project Document Repository		https://github.com/danielmochalov27/Raspberry-Pi-FSE-100-Project

2) Key Schedule Milestone Tracking from Gantt Chart

Tasks	Target Date	Actual Date	Status (%)	Comments
Fix major bug with code	11/1/2021	10/25/2021	70%	We are having an issue with our code that makes it unable to run, we are actively working to get it updated and functional
wire our sensors	10/27/2021	11/1/2021	90%	We have to wire the sensors on our bread board efficiently to run our code and have it do its dedicated function
Update gantt chart	10/27/2021	11/1/2021	100%	We updated when we want to do things and when different goals are supposed to be met
decide on fashion use	11/8/2021		0%	decide on how the user will wear and use the product efficiently

3) Progress from This Week *<should include pending tasks from previous week>*

- Test our sensors and ensure they can interact with each other
- Fix major bug to make code functional
- Decide on how the user will wear our product

Team 810
Trey Thomas, Margaret Wade,

4) Progress Planned for Next Week

- Design the user's wearability

5) Gantt Chart Updated *<add the newest Gantt Chart>*

6) Team-Evaluation for the Week

Team Member Name	Absent	Poor	Fair	Good	Outstanding
Matthew Ullrich	-Communicated with instructor about pre planned absence				
Margaret Wade					- Majorly contributed to working out our errors in our code
Trey Thomas					- Assisted in helping the code and updated gantt chart and progress report
Daniel Mochalov					- Rewired our sensors to efficiently track our information.
